PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of experience delivering enterprise and government-scale digital products. Specialized in design systems, multilingual and RTL interfaces, and end-to-end UX from research to developer handoff. Proven experience working with cross-functional teams on high-impact national and enterprise platforms. Strong Figma expertise focused on scalable, accessible, and production-ready design.

SKILLS SUMMARY

Skills : User Interface (UI), Design User Experience (UX), Design Wireframing, Prototyping Interaction, Design Information Architecture, Usability Testing, User Research, Visual Design, User Journeys, High-Fidelity UI Design, Component Libraries, UI Audits, Multilingual & RTL UX, Developer Handoff, Redlines, Design Documentation

Tools : Figma (Auto-layout, Variants, Variables), Sketch, Adobe.

Soft Skills : Empathy, Critical Thinking, Communication & Collaboration, Time Management & Project Management

WORK EXPERIENCE

UI/UX Designer | TCS Jul 2022 - Present

- Develop wireframes, interactive prototypes, and high-fidelity mockups to communicate design concepts.
- Collaborate with product managers, developers, and stakeholders to define project goals and requirements.
- Conduct user research to gather insights, create personas, and map user journeys.

PROJECTS

Design Support Engineer & UI Designer | G20 India Project

- Developed and maintained a robust Design System in Figma, creating reusable variants and components that ensured brand consistency across multiple app screens.
- Designed multilingual and RTL-compatible interfaces for an international user base.
- Ensured pixel-perfect alignment between Figma designs and production builds.
- Managed the complexity of multilingual UI layouts, adjusting Figma frames to handle text expansion and right-to-left alignment for a diverse international user base.
- Acted as the primary bridge between the design and engineering teams, conducting UI audits to ensure the live build matched the Figma source files exactly.

UI/UX Team Member | SHV Energy Project

- Leveraged Figma's advanced features (Auto-layout, Variants, and Variables) to build a scalable component library, reducing design turnaround time by 40% for a lean 2-person team.
- Translated wireframes into high-fidelity prototypes to validate complex workflows early.
- Delivered detailed design documentation to support accurate engineering implementation.

UI/UX Designer (Independent Project) | Kashmiri Essence

- "Designed a seamless 'browse-to-buy' journey that makes shopping for authentic Kashmiri products effortless and intuitive."

EDUCATION

Vasavi College of Engineering June 2018 - June 2022

Hyderabad India

Bachelor of Computer Science and Engineering : CGPA 7.0

CERTIFICATES

- Learn Figma UI/UX Essential Training (Udemy)
- The 90 Minute UX Audit + UI Redesign (Udemy)
